

RWE Navigator

- ◆ An **educational resource** to find out more about the potential issues in demonstrating relative effectiveness of new medicines ('effectiveness issues')
- ◆ A **guide** to specific types of analyses or study designs using RWE to support development of medicines
- ◆ A comprehensive **directory of resources** on the use of RWE in medicines, signposting to outputs of the GetReal project and other authoritative sources

Real-world evidence (RWE) Navigator

The Real-world evidence (RWE) Navigator:

- **Is an educational resource:** helping users to find out more about the potential issues in demonstrating the relative effectiveness of new medicines ('effectiveness issues').
- **Provides guidance:** guiding users to specific types of analyses or study designs using RWE to support the development of medicines.
- **Is a directory of resources:** a comprehensive resource on the use of RWE in evaluation of medicines, signposting to outputs from the GetReal projects and other authoritative sources of

Understanding the Navigator

RWE Concepts

- RWE Glossary
- GetReal recommendations

RWE Policies & Initiatives

- Regulators
- Health Technology Assessment
- Public-Private Partnerships: IMI, NEWDIGS...
- Industry collaborations: ISPOR, EFPIA...
- Think Tanks
- Academic and Clinician groups
- Patients' Associations

Shared platform for understanding and collaboration

GetReal case studies

- Exploring potential drivers of effectiveness
- Detecting Channelling bias
- Alternative study designs
- Evidence synthesis and network meta-analysis
- Predicting relative effectiveness in the real-world
- Simulation of methods to adjust for bias
- Understand the methods
- See stakeholder reactions

An interactive platform

- ◆ Understand the RWE Issues
- ◆ Identify solutions among the RWE Options
- ◆ Understand stakeholder perspectives
- ◆ Look for supporting resources: definitions, case examples
- ◆ Find links to other authoritative sources

Clarify the issues

This section helps you to gain a **greater understanding of the potential issues** ('effectiveness issues') in demonstrating the relative effectiveness of a medicine, including **actions** to explore these issues.

CLARIFY THE ISSUES

Find RWE options

This section provides **different study designs** or **analytical techniques** that may be considered to **address the issues ('effectiveness challenges')**, depending on the development stage of a medicine and the relevant PICO category.

FIND RWE OPTIONS

Who is it for?

Patients

- ◆ Understand concepts, opportunities & challenges of using/generating RWE
- ◆ Understand how patients can contribute

Pharma R&D

- ◆ Review methods and study designs incorporating RWE
- ◆ Consider for inclusion in evidence plan
- ◆ Increase awareness among staff

Clinicians

- ◆ Raise awareness
- ◆ Understand how to contribute

Regulators

- ◆ Understand issues at market access point which may also be relevant for regulators

Researchers

- ◆ Brief descriptions of methods
- ◆ Find relevant sources on methods and best practice to explore further

HTA/Payers

- ◆ Find relevant sources to read further
- ◆ Increase awareness among staff
