Facilitating the adoption and implementation of RWE in health care decision-making

RWE Navigator

- An educational resource to find out more about the potential issues in demonstrating relative effectiveness of new medicines (‘effectiveness issues’)
- A guide to specific types of analyses or study designs using RWE to support development of medicines
- A comprehensive directory of resources on the use of RWE in medicines, signposting to outputs of the GetReal project and other authoritative sources

RWE Concepts
- RWE Glossary
- GetReal recommendations

RWE Policies & Initiatives
- Regulators
- Health Technology Assessment
- Public-Private Partnerships: IMI, NEWDIGS...
- Industry collaborations: ISPOR, EFPIA...
- Think Tanks
- Academic and Clinician groups
- Patients’ Associations

Shared platform for understanding and collaboration

GetReal case studies
- Exploring potential drivers of effectiveness
- Detecting Channelling bias
- Alternative study designs
- Evidence synthesis and network meta-analysis
- Predicting relative effectiveness in the real-world
- Simulation of methods to adjust for bias
- Understand the methods
- See stakeholder reactions

An interactive platform
- Understand the RWE Issues
- Identify solutions among the RWE Options
- Understand stakeholder perspectives
- Look for supporting resources: definitions, case examples
- Find links to other authoritative sources

Who is it for?
- Patients
  - Understand concepts, opportunities & challenges of using/generating RWE
  - Understand how patients can contribute
- Clinicians
  - Raise awareness
  - Understand how to contribute
- Researchers
  - Brief descriptions of methods
  - Find relevant sources on methods and best practice to explore further
- Pharma R&D
  - Review methods and study designs incorporating RWE
  - Consider for inclusion in evidence plan
  - Increase awareness among staff
- Regulators
  - Understand issues at market access point which may also be relevant for regulators
- HTA/Payers
  - Find relevant sources to read further
  - Increase awareness among staff
